SUBJECT: ADMINISTRATIVE CODE REVISIONS – AMENDMENT TO CHAPTER 7 AND CHAPTER 13 OF THE WRD ADMINISTRATIVE CODE RELATING TO POLICY AND PROCEDURES FOR REIMBURSEMENT OF EXPENSES FOR MEMBERS OF THE BOARD OF DIRECTORS AND DISTRICT EMPLOYEES

SUMMARY

The attached Resolution No. 09-XXX, if adopted, will amend Chapter 7 and integrate that portion of Chapter 13 of the Administrative Code relating to reimbursement of expenses for members of the Board of Directors and District employees.

The Administrative Committee at its December 10, 2007, March 6 and 27, 2008, June 10, 2008, August 14, 2008, November 19, 2008 and February 26, 2009 meetings evaluated the District's current policy relating to the reimbursement of expense for members of the Board and District employees and directed staff to work with District Counsel in drafting changes discussed at the meeting for consideration by the Board.

For your convenience, attached are the redline versions of both Chapters 7 and 13, showing the revisions made to the current provisions. The underlined text indicates additions and the strike through text indicates deletions to the Administrative Code. The text highlighted in yellow, indicates the revisions directed by the Administrative Committee at the February 26, 2009 meeting.

PROVISIONS ADDED TO THE EXPENSE REIMBURSEMENT POLICY – CHAPTERS 7 AND 13

7.2.5 Educational Expenses

Members of the Board of Directors and District employees may receive reimbursement for education expenses of the Director or employee if the expenses are actually incurred in the performance of official duties and are necessary to the performance of those duties. The District will reimburse for the costs of necessary books and tuition incurred by the Director or employee while attending a seminar, conference or a course directly related to the officials' performance of his or her official duties. Examples of courses necessary to Director's or employee's performance of official duties may include governmental courses, communication courses and other courses necessary to improve Director's or employee's skill, knowledge, information levels and ability to perform their official tasks and better serve constituents. The Director or employee shall be reimbursed in the following manner: one half of the total cost of educational expenses at the time he or she registers for the course and the remaining one half of the total cost the time he or she successfully passes the educational course. For the purposes of reimbursement of educational expenses, the minimum passing grade is "C" or its equivalent. If the Director or employee leaves the District voluntarily within 12 months of completion of such education courses, the Director or employee is not eligible for educational reimbursement and the educational reimbursement amount will be deducted from final compensation.

In the event a Director or employee is required to enroll and attend a review course for purposes of receiving a license or a continuing education course or seminar for the purpose of maintaining a license, e.g., membership in the State Bar, certificate for engineering services or certified public accountant, the District may reimburse the cost of such courses, seminars or examinations upon presentation by the Director or employee of their successful completion of the licensing examination or receipt of the certificate of completion of the continuing education seminar. Only those licenses or completion of continuing education seminars that are actual and necessary for the Director or employee to perform their official District duties shall be reimbursed.

7.2.8 Attendance at Conferences and Business Meetings

Directors shall be entitled to reasonable expenses incurred and per diem for traveling to approved conferences, beginning one day prior to the start of the conference/business meetings and no later than one day following the conclusion of the conference.

Members of the Board of Directors and employees should arrange for conference and organized educational activity registration fees to be paid in advance of the conference by the District. If such advance arrangements cannot be made due to lack of advance warning or other extenuating circumstances, as approved by General Manager or designee, members of the Board of Directors and employees may be reimbursed for the actual cost of a conference or organized educational activity registration fee.

7.5 Board of Directors Approval of Expenses

7.5.1 Expenses in Excess of the Rates of This Chapter

Pursuant to Government Code Section 53232.2, any expenses in excess of the rates and policies specified in this Chapter, shall be approved by the Board of Directors, at a public meeting before such expense is incurred.

7.5.2 Other Expenses

All other actual and necessary expenses incurred in the performance of official duties that are not described in this Chapter, shall not be reimbursed unless approved by the Board of Directors, at a public meeting hearing before the expense is incurred. Members of the Board of Directors or employees shall be responsible for any expenses incurred in excess of the rates set forth in this Chapter and which were not approved by the Board at a public hearing-meeting prior to incurring the expense.

7.5.3 Claims Submitted After 90 days

Claims for reimbursement submitted after 90 days of incurring the expense, must be approved by the Board of Directors.

7.5.4 Government Code Section 53065.5 Report

Pursuant to Government Code Section 53065.5, the District, in an annual, semi-annual or quarterly report, shall disclose any expense reimbursement paid to a District Director or employee for

any individual expenditure exceeding One Hundred Dollars (\$100.00).

7.6 Brief Report to Board Members

Members of the Board of Directors shall provide brief reports on meetings attended at the expense of the District at the next regular meeting of the Board of Directors immediately following the event for which reimbursement is sought. Reports may be made orally or in writing. If more than one member of the Board of Directors attends the event, the report from one of the members that mentions the other's presence is sufficient.

7.8 No Shows and Late Cancellations

This section applies when a member of the Board of Directors or employee fails to attend a conference or general business meeting, after incurring expenses for that event, including but not limited to conference fees, prepaid hotel charges, and airline charges. If a Director or employee is unable to attend a planned trip, including a conference, seminar or general business meeting, it is the Director's or employee's responsibility to ensure that any prepaid fees are refunded to the District. For any fees not fully refunded, the Director or employee shall attach a written explanation to the Expense Reimbursement Form addressing the reason(s) he or she was unable to attend.

The cancellation, charges or registration fees shall be deducted from the Director's or employee's compensation, unless the Board of Directors approves the payment of the cancellation, charges or registration fees incurred by the Director or employee, when he or she was unable to attend the scheduled event for any of the following reasons: illness, medical, family or other similar emergency.

Alternatively, all Directors may choose to receive reimbursement for actual mileage incurred during any given month at the current IRS rate for business mileage reimbursement. The option to receive the monthly vehicle allowance or be reimbursed for actual mileage incurred during a month shall be at the sole discretion of each Director and shall be determined monthly.

7.2.2 Dues to Professional Organizations

Members of the Board of Directors shall receive reimbursement for reasonable dues required for membership in such professional organizations provided that membership is actual and necessary for performance of District official's duties.

7.2.3 Use of District Credit Cards

The General Manager and Chief Financial Officer shall be issued a District credit card. However, no member of the Board or District employee or staff shall be issued a District credit card. The District will not make any cash advances. (Payment directly to third-parties for conference registration, airfare, hotel or other authorized expenses is not considered cash advances.)

7.2.4 Board Communications Allowance

Directors may receive a communications allowance in such amount and upon such conditions as may from time to time be determined by the Board. The monthly communications allowance amount for members of the Board of Directors is Three Hundred Dollars (\$300.00). This amount is intended to cover the following equipment and services to carry out official duties as a member of the Board of Directors:

- a) Mobile Telephone, PDAs or similar mobile communication devices (subject to two-year replacement schedule and limited to the amount of direct compensation only);

Such monthly payment shall be in lieu of the acquisition by the Director of any telephone, electronic media or other equipment and for the payment or reimbursement for any telephone call, internet fees or similar expenditures. Directors who desire to receive the monthly communications allowance shall elect to do so by January 31 of each calendar year. Directors who do not make such an election by that date may seek reimbursement of any

communications related expenses actually incurred by the Director in connection with District business in accordance with the general procedures for reimbursement of expenses set forth in this Administrative Code, the District's technology replacement schedule and subject to annual capital amount of Three Thousand Six Hundred Dollars (\$3,600.00). Any requested reimbursement in excess of this amount shall require approval by the Board of Directors.

Members of the Board who elect to receive the monthly communications allowance may be required to provide written verification on an annual basis that they have obtained appropriate mobile telephone service, and Internet service. Each Director shall, at his or her sole discretion, select the provider of the services and equipment covered by the communications allowance.

Any communications equipment purchased by the District for a Director that is replaced through use of the communications allowance shall be returned to the District.

7.2.5 Travel and Transportation Expenses

Actual expenses for ground transportation to and from airports and while attending to District business shall also be reimbursed. Ground transportation shall include taxi, bus, train standard automobile rental and any other reasonable mode of transportation.

The District's policy concerning reimbursement for travel expenses varies depending whether the destination is within or outside the "local area" and whether an individual receives or elects to receive a vehicle allowance. For purposes of this Policy, "local area" means a 40-mile radius from either one's residence or the District office, whichever is further.

Members of the Board of Directors who do not elect to receive a monthly vehicle allowance pursuant to Section 7.2.1 of this Chapter and all employees who do not receive a monthly vehicle allowance may be reimbursed for travel outside the "local area," including travel by personal automobile instead of by air travel. In addition, Directors and all employees may request reimbursement for travel outside the "local area", including travel by personal automobile instead of by air travel, in addition to the monthly vehicle allowance, authorized by Section 7.2.1 of this Chapter.

Actual and necessary travel expenses may be incurred in connection with official representation of the District in order to:

- a) Attend seminars, conferences, hearings, or other meetings related to the business of the District;
- b) Interview persons, inspect facilities, or exchange professional information; and
- c) Participate in other activities, as approved by the Board of Directors, requiring expenditures for travel, meals and lodging that are necessary and in the best interest of the District.

If government or group rates are offered by provider of transportation, such rates must be used when available. If group or government rates are not offered or available, reimbursement shall be limited to round trip standard coach airfare, plus ground transportation or when available, if group or government rates are offered, such rates shall be used.

Reimbursement for use of air, train, rental car, or private car shall be selected on the basis of the most reasonable and appropriate method, taking into consideration distance, time and total costs to the District.

The following types of travel expenditures while on District business are allowable:

- a) Travel by Private Automobile –The driver must possess a valid California driver's license and carry automobile insurance. Any damages to the vehicle or service repairs are of a personal nature, and will not be reimbursed by the District.

Mileage reimbursement will be based on the vehicle (i.e., the owner of the vehicle will be paid and not the passengers). Mileage reimbursement shall be at the prevailing IRS established rate. Mileage will not be reimbursed to Directors who receive auto allowances for local travel. Parking may be reimbursed upon presentation of the original receipt. For each incidental expense less than \$25, submission of documentation the Finance Committee deems acceptable shall be sufficient for purposes of this section.

If a traveler wishes to drive rather than fly to a destination, he/she may do so. The District will reimburse the lesser of

the mileage rate to and from the site or the amount of the airline coach fare.

For local travel, the IRS rate for mileage reimbursement will apply. When traveling either by car or plane outside the area is reasonable, the lesser of mileage or airfare will apply. The amounts reflected on receipts will be reimbursed for business meals while traveling.

b) Air Travel – If government or group rates are offered by the provider of air travel services, such rates must be used when available. If no government or group rates are offered or available, travel shall be in coach class or equivalent service, unless the Board determines some physical problem or exceptional circumstance warrants travel in a higher class.

c) Rental Vehicles – When rental vehicles are used, government or group rates must be used if offered by the provider of rental services and available. If no government or group rate is offered or available, an inexpensive, appropriate vehicle is to be used.

Travel Budget and Encumbrance of Travel Budget:

- a) The District will annually budget funds, up to \$3,000, for each of the five Directors to attend annual legislative trips to Washington D.C. and to Sacramento, California;
- b) The District will also budget annual funds for each Director to cover all other District travel;
- c) There will be a 10% contingency fund set aside for use at the discretion of the Board President;
- d) The budget will be adjusted by the change in the consumer price index each year;
- e) Unspent budgeted funds from each individual Director's travel budget for items listed in subsections a) and b) above, will be encumbered from unreserved fund balance and available for use by each individual Director in the subsequent fiscal year.

Unused monies related to the 10% contingency fund in subsection c) above, will be encumbered and added to the subsequent year's contingency fund available at the discretion of the Board President.

The unspent funds related to subsection a), b) and c) are only available for use in the fiscal year immediately following the encumbrance; funds are not cumulative. The carryover of encumbered funds will be used first prior to using any of the Director's current year's travel budget.

- f) Unspent budgeted funds for items listed in subsections a) and b) above, can be re-allocated to the individual Director's event sponsorship and/or community grant program allocation. The election will take place during an open session board meeting in a time coinciding with the Board's annual midyear budget review. Once the election is made to transfer excess funds from the individual Director's travel budget to the individual Director's event sponsorship or community grant program budget each year, the election is irrevocable. Unspent budgeted funds relating to the 10% contingency as outlined in subsection c) above are not available for reallocation.

7.2.6 Lodging Expenses

For the purpose of lodging, "local area" means a 40-mile radius from either one's residence or the District office, whichever is further.

Within the discretion of the Board President, a Director may stay overnight at a site less than a 40-mile radius from the residence or the District office. If the Director desiring to stay overnight at such a site is the Board President, that Director shall obtain approval from the Board Treasurer. Otherwise, no requests for lodging or reimbursement claims for expenses incurred within the "local area" shall be approved by the Finance Committee.

Members of the Board of Directors and employees should arrange for lodging expenses to be paid in advance by the District. If government or group rates are offered by the provider of lodging services, such rates must be used when available. If government or group rates are not available, the most economical rate reasonably available must be used. For lodging in connection with

a conference or organized educational activity conducted in compliance with Government Code Section 54952.2(b), such lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor, provided that lodging at the group rate is available to the member of the Board of Directors or employee at the time of booking. If the group rate is not available for lodging in connection with a conference or organized educational activity, then comparable lodging shall be booked at the most economical rate reasonably available.

Additionally, lodging shall only be paid for the length of the conference. Any additional days a member of the Board of Directors or employee wishes to stay at or near the conference site will be paid by the member of the Board of Directors or employee and shall not be reimbursed by the District.

It is the responsibility of the individual traveling to pay for personal incidentals, such as movies, snack bars fees and other travel expenses, as listed in the "Non-Reimbursable Expenses" section of this Chapter, prior to checking out of the hotel. Business center charges such as faxes, email, etc, are reimbursable if actual and necessary to the performance of official duties and the business purpose for business center services is documented. Business calls to District facilities will be paid in full.

Unless otherwise authorized by the Finance Committee, no reimbursement will be approved for lodging for greater than one night before or for any nights after an event outside of the "local area."

7.2.7 Business Meals

"Local area" in this section has the same definition as in the Lodging Expenses policy above.

The meal compensation for events and meetings outside of the "local area" shall only be received for meals on the day immediately before the beginning of the event which the members of the Board of Directors or an employee is attending, the days when the event is occurring and the day immediately following the conclusion of that event. Meal expenses include the costs of meals and non-alcoholic beverages.

The per diem amounts discussed above are provided for the members of the Board of Directors or other employees meals while out of the local area on District's business.

A meal receipt must be accompanied by an itemized account of charges, and include a description of the business purposes of the meal and the names of the guests, when claiming reimbursement for meals that include guests. The election will take place during an open session Board meeting in a time coinciding with the Board's annual mid-year budget review. Once the election is made to transfer excess funds from the individual Director's travel budget to the individual Director's event sponsorship or community grant program budget each year, the election is irrevocable. Unspent budgeted funds relating to the 10% contingency as outlined in subsection c) above are not available for reallocation.
