SUBJECT: CALIFORNIA LATINO LEADERSHIP INSTITUTE SOUTHEAST YOUTH PROGRAM SPONSORSHIP

SUMMARY
The mission of the California Latino Leadership Institute (CLLI) is to develop diverse and entrepreneurial public, corporate and community leaders creating a better future for California. The vision of CLLI is to educate, train and prepare leaders who can address challenges facing California, leading to empower the next generation.

The Southeast Youth Workforce Development and Civic Engagement Program is focused on creating inclusive environments for learning skills that address: soft skills development, conflict negotiation, team building, workforce career “tool kits” and mentoring. The Youth Program includes a one of a kind rigorous paid ($1000 stipend) summer internship within a Southeast community agency for 16 Southeast residents who are local high school juniors and seniors, ages 16 to 1-18. Each participant is provided with an individual tool kit (valued at $1500) which includes: one Dell lap top computer, computer bag, Microsoft operating system and maintenance service for one-year, digital head shot, two custom team uniform shirts, and personal binder with reading materials. The students also learn about WRD’s projects and programs through a one-day tour and groundwater workshop hosted by WRD.

In 2018, the WRD Board of Directors approved a sponsorship of $5,000 for that year’s program. CLLI is requesting a sponsorship for this year’s program in the amount not to exceed $5,000. WRD funds will be used to cover the hard costs for Southeast Fellows’ tool kits, internship stipends, graduation, transportation and field trip costs.

FISCAL IMPACT
Fiscal impact to the 2018/19 budget is $5,000. This expense was not specifically budgeted; however the cost will be paid for through Miscellaneous Regional Sponsorships and will not impact reserves.

TO: EXTERNAL AFFAIRS COMMITTEE
FROM ROBB WHITAKER, GENERAL MANAGER
SUBJECT: CORO SOUTHERN CALIFORNIA PARTNERSHIP

SUMMARY

Coro’s mission is to strengthen the democratic process by preparing emerging leaders for effective and ethical leadership in public affairs. For over 60 years, Coro Southern California has used the region as its classroom, teaching students and executives, community leaders and entrepreneurs, public officials and aspiring public servants how Southern California works so they can make it better.

Each year, the program serves a diverse cohort of twelve emerging leaders who are recruited nationally to gain a deep understanding of the Southern California region. Fellows complete placements at a variety of partner organizations throughout six different sectors, and learn how the connectivity between sectors influences the way the municipalities function. Participants also lead dozens of independent and group projects, conduct in-depth interviews with community leaders, and spend hundreds of hours reflecting on and learning from their experiences in seminar-style leadership training, giving them diverse perspectives on leadership issues being faced today.

This year, from May 20-31, Coro will create an opportunity for Fellows to engage in deep water learning during the Water Focus Week. California’s water management challenges continue to intensify. Climate change will exacerbate the underlying strains impacting water delivery systems throughout the State, while the flexibility and capability to successfully manage the often conflicting demands of water supply reliability, environmental management, species health, water quality, social equity, headwaters, and water rights is intensifying with undoubtedly serious ramifications for California, its economy, our quality of life, and the State’s extraordinary aquatic and water dependent ecosystems.

WRD’s investment in Coro Southern California will allow access to Coro’s wide network of leaders from diverse sectors, and support our commitment to creating a deep impact on the people and institutions in the region.
FISCAL IMPACT

The fiscal impact to the WRD FY18/19 budget is $1,500. The amount will be drawn from budgeted funds and will be allocated to the Department 1020 as a “Regional Sponsorship” under project number EAC0000 and general ledger code 5910 – Non RA Expense

STAFF RECOMMENDATION

The External Affairs Committee recommends that the Board of Directors approve the District’s partnership with Coro Southern California for an amount not to exceed $1,500.

FROM: ROBB WHITAKER, GENERAL MANAGER
SUBJECT: SOCIAL MEDIA POLICY

SUMMARY
WRD has maintained a robust social media presence by developing approved content to be delivered consistently across multiple social media platforms. Content is focused on photo and video elements to maximize engagement, with the goal of educating the public on water issues by promoting district projects and events, the WIN initiative and Board of Directors’ policy directives. However, our social media program has been on hiatus pending review of our social media policy and means for moderation of comments.

After researching how other local public agencies address the issue of comment moderation and conferring with District counsel, staff has drafted language for a WRD social media policy and will present it for review from the Board. The policy will be posted publicly on all WRD social media accounts, comments will be moderated based on the posted policy, and activity on WRD social media platforms will be recorded by a third-party archiving service.

FISCAL IMPACT
None

STAFF RECOMMENDATION
The External Affairs Committee recommends that the Board of Directors adopt the proposed WRD Social Media Policy.

MEMORANDUM
ITEM NO. 7

DATE: MARCH 11, 2019
TO: EXTERNAL AFFAIRS COMMITTEE
FROM: ROBB WHITAKER, GENERAL MANAGER
SUBJECT: SOCIAL MEDIA ARCHIVING SERVICE

SUMMARY
WRD has maintained a robust social media presence by developing approved content to be delivered consistently across multiple social media platforms. However, our social media program has been on hiatus pending review of our social media policy.

While researching the issue, staff discovered that if WRD plans to moderate comments across its social media platforms, it is considered a best practice to post a publicly available policy, as well as archive all activity taking place on the platform.

For the latter, staff researched and received quotes from three services that offer social media archiving solutions for record keeping and compliance:

- **Archive Social**: $199/month; $2,388/year
- **PageFreezer**: $2,500 per year
- **Smarsh Archiving**: $200/month; $2,400/year

Upon review of the services and quotes, staff recommends Archive Social not only because it’s the cheapest, but because its service is built to address specific challenges related to the capture of records from social networking platforms for public agencies. Their clientele is 95% public agencies and includes the cities of Long Beach, Signal Hill and Carson.

To further inform staff of possible future challenges or social media strategies, staff recommends that WRD join the Government Social Media Organization (GSMO) by purchasing an annual membership for $185. The GSMO is the first national network for U.S. local, state and regional government social media managers. GSMO’s goal is to facilitate an environment where government entities can network, collaborate, and share best practices for using social media.

FISCAL IMPACT
The total cost of a subscription to ArchiveSocial will not exceed $2,400 per year and the total cost of the Government Social Media Organization annual membership is $185.
The Fiscal Impact to the WRD 2018/19 budget is $2,685.00. These expenses are not specifically budgeted; however, sufficient funds are available in the current year’s budget for ArchiveSocial and the Government Social Media Organization.

**STAFF RECOMMENDATION**

The External Affairs Committee recommends that the Board of Directors direct staff to purchase social media archiving services from ArchiveSocial and join the Government Social Media Organization.
